PRESENTER	ORGANISATION	NAME OF THE ABSRACT
Theme 1: Exploring the influence of evaluation 1 Björn Persson	Naturvårdsverket	Exploring the conditions of use of evaluation
1 BJOTH PEISSON	Stockholm Environment Institute.	Exploring the conditions of use of evaluation Exploring the influence of knowledge created with LEAP model in Strategic
2 Piret Kuldna et al.	Tallin centre, Estonia	Environmental Assessment of Estonian energy policy
3 Daniel Stunell	Zero Waste Scotland	Towards a Resource Efficient Scotland – the role of evaluation in making a difference
5 Daniel Stuffen	Institute of Transport Economics-	Towards a resource Efficient Seotiana — the role of evaluation in making a universitie
	Department of Safety and	The Knowledge-Policy Interaction for Sustainable Urbanisation – Eased by
4 Vibeke Nenseth	Environment	Interdisciplinarity?
5 Outi Slant	SYKE	The Role of ex ante Impact Assessment in Finnish Law Drafting
6 Eeva Primmer	Finnish Environment Institute	Evaluation of conservation policies needs attention to implementation
7 Mikael Hilden	Finnish Environment Institute	Mission impossible - regulatory impact assessment of a climate bill in a politically hostile environment
Fheme 2: Coordination of evaluations at variou	s lavals	
Theme 2. Coordination of evaluations at various	Helmholtz Centre for Environmental	Criteria for evaluating climate adaptation measures: A meta-analysis
8 Sabine Weiland et al.	Research	Criteria for evaluating climate adaptation measures. A meta-analysis
	Swedish Agency for Growth Policy	Evaluation of a national Environmental Technology Strategy – Maximising Evaluation
9 Johan Harvard	Analysis	Impact in a Complex Setting
	Assessing impacts of Green Care	
	Assessing impacts of Green care	1
10 Elina Vehmasto	practice for rural development	MTT Agrifood Research Finland
	practice for rural development	
	practice for rural development	
Theme 3: Linking policy measures to long-term	practice for rural development policy goals Swedish Agency for Growth Policy	
	practice for rural development	MTT Agrifood Research Finland
Theme 3: Linking policy measures to long-term	practice for rural development policy goals Swedish Agency for Growth Policy Analysis	MTT Agrifood Research Finland
Theme 3: Linking policy measures to long-term 11 Hans ten Berg & Eva Alfredsson	practice for rural development policy goals Swedish Agency for Growth Policy Analysis Mistra Council for Evidence-based	MTT Agrifood Research Finland Does evaluation really have an influence on present climate policy control?
Theme 3: Linking policy measures to long-term	practice for rural development policy goals Swedish Agency for Growth Policy Analysis Mistra Council for Evidence-based Environmental Management (EviEM)	MTT Agrifood Research Finland Does evaluation really have an influence on present climate policy control? Systematic reviews - a solid base for environmental policies and management.
Theme 3: Linking policy measures to long-term 11 Hans ten Berg & Eva Alfredsson 12 Sif Johansson et al.	practice for rural development policy goals Swedish Agency for Growth Policy Analysis Mistra Council for Evidence-based Environmental Management (EviEM) HIVA - Research Institute for Work	MTT Agrifood Research Finland Does evaluation really have an influence on present climate policy control?
Theme 3: Linking policy measures to long-term 11 Hans ten Berg & Eva Alfredsson	practice for rural development policy goals Swedish Agency for Growth Policy Analysis Mistra Council for Evidence-based Environmental Management (EviEM) HIVA - Research Institute for Work and Society (KU Leuven),	MTT Agrifood Research Finland Does evaluation really have an influence on present climate policy control? Systematic reviews - a solid base for environmental policies and management. Monitoring system change, evaluating transition governance
Theme 3: Linking policy measures to long-term 11 Hans ten Berg & Eva Alfredsson 12 Sif Johansson et al. 13 Tom Creten et al.	practice for rural development policy goals Swedish Agency for Growth Policy Analysis Mistra Council for Evidence-based Environmental Management (EviEM) HIVA - Research Institute for Work and Society (KU Leuven), Stockholm Environment Institute,	MTT Agrifood Research Finland Does evaluation really have an influence on present climate policy control? Systematic reviews - a solid base for environmental policies and management. Monitoring system change, evaluating transition governance The interlinkages between policy instruments of offshore wind production and nature
Theme 3: Linking policy measures to long-term 11 Hans ten Berg & Eva Alfredsson 12 Sif Johansson et al.	practice for rural development policy goals Swedish Agency for Growth Policy Analysis Mistra Council for Evidence-based Environmental Management (EviEM) HIVA - Research Institute for Work and Society (KU Leuven),	MTT Agrifood Research Finland Does evaluation really have an influence on present climate policy control? Systematic reviews - a solid base for environmental policies and management. Monitoring system change, evaluating transition governance The interlinkages between policy instruments of offshore wind production and nature conservation
11 Hans ten Berg & Eva Alfredsson 12 Sif Johansson et al. 13 Tom Creten et al.	practice for rural development policy goals Swedish Agency for Growth Policy Analysis Mistra Council for Evidence-based Environmental Management (EviEM) HIVA - Research Institute for Work and Society (KU Leuven), Stockholm Environment Institute, Tallin centre, Estonia	MTT Agrifood Research Finland Does evaluation really have an influence on present climate policy control? Systematic reviews - a solid base for environmental policies and management. Monitoring system change, evaluating transition governance The interlinkages between policy instruments of offshore wind production and nature
11 Hans ten Berg & Eva Alfredsson 12 Sif Johansson et al. 13 Tom Creten et al. 14 Helen Poltimäe & Kaja Peterson	practice for rural development policy goals Swedish Agency for Growth Policy Analysis Mistra Council for Evidence-based Environmental Management (EviEM) HIVA - Research Institute for Work and Society (KU Leuven), Stockholm Environment Institute, Tallin centre, Estonia Miljö LTH någonting, Sverige	MTT Agrifood Research Finland Does evaluation really have an influence on present climate policy control? Systematic reviews - a solid base for environmental policies and management. Monitoring system change, evaluating transition governance The interlinkages between policy instruments of offshore wind production and nature conservation Counting beans or moving mountains – long term climate policy goals and the battle of frames
11 Hans ten Berg & Eva Alfredsson 12 Sif Johansson et al. 13 Tom Creten et al. 14 Helen Poltimäe & Kaja Peterson 15 Lars Nilsson et al.	practice for rural development policy goals Swedish Agency for Growth Policy Analysis Mistra Council for Evidence-based Environmental Management (EviEM) HIVA - Research Institute for Work and Society (KU Leuven), Stockholm Environment Institute, Tallin centre, Estonia Miljö LTH någonting, Sverige Finnish Environment Institute and	MTT Agrifood Research Finland Does evaluation really have an influence on present climate policy control? Systematic reviews - a solid base for environmental policies and management. Monitoring system change, evaluating transition governance The interlinkages between policy instruments of offshore wind production and nature conservation Counting beans or moving mountains – long term climate policy goals and the battle of frames Evaluation of policy mixes for sustainability transitions: a preliminary framework and
